

Appl. No. 10/536,978
Response to Restriction Requirement
Reply to Office Action of April 14, 2008

REMARKS/ARGUMENT

The Applicants respond to the restriction requirement under 35 U.S.C. § 121 of the Office Action of April 14, 2008.

Claims 1 through 84 are pending in the application.

The Examiner applied a restriction requirement under 35 U.S.C. § 121 and divided the claims into four groups.

The Applicants elect with traverse the claims of Group I – claims 1 through 36, drawn to a cooling system.

The Applicants elect the species or invention of Figure 3 as explained on page 3 at lines 8-16 of the application. Claims 1 and 20 through 28 encompass the elected invention.

The Applicants have a bona fide belief that the election requirement should be withdrawn. The basic cooling system of claim 1 is rendered more desirable by the additional structures of subsequent claims. However, it is maintained that a search of the invention of Group I would necessarily include the desirable embodiments of subsequent claims. Reconsideration is requested.

Favorable consideration is requested.
